

MUSC Healthcare Career Success Programs

Clinical Rotation:

A structured, time-limited period of **hands-on clinical practice** to develop skills and apply classroom learning.

Healthcare Externship:

A short-term, supervised **clinical experience** to gain exposure to patient care and healthcare operations.

Healthcare Internship:

A structured work experience to **build professional competence** for entry into the healthcare field.

Healthcare Apprenticeship:

A **paid, on-the-job training** program that combines work with classroom instruction to earn credentials.

MUSC PULSE:

A **K-12 pipeline program** introducing students to healthcare careers through mentoring and career exploration.

The Bridge:

A partnership with **local technical colleges** to prepare students for in-demand healthcare careers.
